Healthy Families Counseling & Support respectfully requests your consideration in leading our Not-For-Profit, social service organization, as a active Member of our Board of Directors.

Prospective Board Members include individuals enjoying diverse backgrounds, holding esteemed associations with politically elected officials, with connections to our established community referral sources, gifted in hosting social event, culminating in bolstering our success.

Our Board Members are critical in encouraging contribution and securing collaboration among potential Northland supporters, specifically Pediatricians, hospitals, faith community & business leaders, marketing & public relations professionals, and philanthropically inclined supporters.

The most fundamental aspect of a **HFCS** Board Member is they aspire to our Mission and are urgent to move beyond compassion for those in our community with needs beyond their current ability to meet and that they afford active, influential responses to enable our professional Staff Members to provide quality, caring services to at-risk Northland individuals and families.
